

Once again we do not get a Club name in our quest for information.  
Small order could very well mean the chips were used in a home poker game. Hardly any information available on Mr James. Appears he flew under the radar. <g> BUT: it is still a KY chip.

Lawrence Hukill James, a native of Paris, died Dade County, FL 1964 age 71.  
Wasn't able to find what he was doing when the chips were ordered. In the early 1940's, while residing in Paris, he became the owner of a couple of race horses.
