

This is one of the chips I have mentioned in the past as chips we got the ID's on, did a little research on, and kind of forgot about them as they were not big stories. Going through my files and find out, I do not have this chip. A friend has it but only has 1 of them.

Cough it up if you have a trader. *vbg*

Our "Friend Of The Hobby" did the research.

AW Burnett

712 Cherry St

Chattanooga, TN

1940

After research: Lookout Recreation Hall.

The LMT went to AW Burnett at 712 Cherry, Chattanooga, TN in 1940. For many years before and after the chip order Burnett operated a cigar store at the address called Lookout Cigar Store. Adjacent to the cigar store was Lookout Recreation Hall.

I guess the LMT. on the chip is an abbreviation for Lookout Mountain.

If you have never been to Lookout Mountain, I suggest you put it on your bucket list. It is beautiful, I've been there several times on trips through "Hillbilly Heaven." *vbg*
