

Not much to say about Minnesota.

Except: I once played pool with Minnesota Fats. Not a big deal. He was making an appearance at a Cincinnati pool hall. Some customers won a chance to play with him in a contest. Some paid a fee to shoot a game with him. I paid. <g> Nine ball, customers got the break. If you could run the table, you would beat him. I just wanted to be able to tell people I beat Minnesota Fats at pool. NOT, <g> actually IMO he layed down so I had more than I shot at him. <g> It was a fun thing.

Enough of that:

This one was the 1922 order. 1918 were DC front and back.

Recently found the 1922 one scanned on ebay. I've had the DC front and back 1918 for several years. I've had the DC front and back 1918 for several years. It was a gift from David Sarles. These were in use prior to what I refer to as "The era of the illegals."

I got this one in 2009.

This one needs a little research. I feel certain it will come back to an illegal joint. IMO two names on an order card usually come back to a joint. I'll add it to the list of things to do. <g>
